

# Tools and Rules: Soil Moisture Monitoring

Location: Billings Fairgrounds - 4H Building

Date: April 21, 2017

Time: 8 a.m. to 4 p.m.

Join the Montana Institute on Ecosystems, Montana State University Extension, and the National Institute on Standards and Technology for a workshop devoted to water availability and soil moisture at the farm level.

## Participants will learn about:

- Tools, programs, and financial support for measuring soil moisture
- Drought and flood planning
- Firsthand experiences with planning
- Legal framework of soil moisture and water availability
- What producers need to conduct soil moisture monitoring on their own farms

Register at the workshop's Eventbrite page—<https://tinyurl.com/ldaug6f>—or by calling 582-3280. Registration is free and lunch is included. Travel reimbursement is available to participants and can be applied for on the registration website.
